## ARTICULATION OR ACCREDITATION TRACK DETERMINATION

### Check One:

**Accreditation Track (if this box is checked, please complete the entirety of the C-1 Form document)**

This track is for community colleges that would like the ability to submit Personnel Agency Forms (PAFs) to DPSST to add/remove students to the college roster, be able to apply for certifications for their students based on “in-house” training, and maintain “in-house” levels of certification through the Maintenance Re-Certification process. With an accreditation agreement, the college agrees to the following:

- Utilize the Personnel Agency Form (PAF) process for roster and agency changes.
- Maintain training files for all active students on your DPSST roster.
- Keep updated, current curriculum for the courses on your accreditation agreement.
- Student completions and records of Task Performance Evaluations and/or Task Books.
- Have at least one certified NFPA Fire Instructor I and instructors certified at the levels on agreement.

### OR

**Articulation Track (if this box is checked, complete this page only then proceed to the Accreditation/Articulation Signature Section at the bottom of page 6)**

This track is for community colleges that do not wish to add/remove students from their roster or apply for certifications, but would like the ability to have their students receive credit through the F-9F process. The following should be updated/maintained on a regular basis:

- Submit F-20s for any curriculum that is not nationally recognized.
- Submit F-9Fs for all instructors.
- Upon completion of each course, submit an official roster to DPSST and give passing students notices of course completion.

## ARTICULATION AND ACCREDITATION TRACK CHECKLIST

- Confirm corrective training is offered.
- Confirm college has at least one certified NFPA Fire Instructor I or NFPA Fire & Emergency Services Instructor I.
- Confirm college has or has access to a pumper conforming to NFPA Standard #1901 [OAR 259-009-0087 (g)].
- Confirm documentation for task performance evaluations or task books if applicable.
- College has provided a typed Six Month Training/Course Schedule to be submitted with this form.
- College has provided an Organizational Chart to be submitted with this form if available.
- For Accreditation Agreements: confirm college has adequate records for maintenance requirements per OAR 259-009-0065.
- For Accreditation Agreements: confirm the training/course schedule supports maintenance requirements and current accreditation agreement.

**ACCREDITATION TRACK: IN-HOUSE TRAINING LEVELS**

In order for the requested levels to be approved on the college’s accreditation agreement the agency must have individuals certified in each level requested. Extensions will not be granted unless specifically arranged with DPSST Fire Certification staff.
